

ALBEDO

THE SUNRISE OF
A NEW DESIGN.
ALBEDO (FROM
LATIN ALBUS, WHITE)
IS THE RATIO OF THE
LIGHT REFLECTED
BY ANOTHER
SURFACE TO THAT
RECEIVED BY IT.

WHERE THERE
IS SHADOW
THERE
MUST BE
ALSO LIGHT.

ALBEDO

PROFILE

Albedo sta anche per alba, inizio di un nuovo giorno, di una nuova storia, di un nuovo brand, nato nel 2016 da un progetto di due affermati manager del settore arredamento, appassionati, visionari e imprenditori coraggiosi che credono nella capacità tutta italiana di saper interpretare il gusto trasversale di un pubblico internazionale colto, sensibile e amante del design.

Questo effetto di luci ed ombre, di bianco e nero, di superfici incise in un gioco di riflessi e di chiaroscuri hanno ispirato il designer Carlo Cumini nel progettare una collezione di complementi d'arredo di forte carattere e dal design esclusivo, democratico, percepibile, che tende volutamente a valorizzare le forme e le lavorazioni esclusivamente artigianali frutto di una cultura e di una maestria esecutiva che appartiene storicamente al Made in Italy.

***Albedo** also refers to the dawn, the beginning of a new day, a new story, a new brand, born in 2016 from a project by two established managers in the furniture industry, passionate, visionary and courageous entrepreneurs who believe in the Italian ability to interpret the wide taste of an educated, sensitive and design-lover international audience.*

This effect of light and shadows, black and white, surfaces carved in a play of light and dark inspired the designer Carlo Cumini to create a collection of furnishings characterized by a strong personality and unique, democratic, perceptible design, intentionally oriented to enhance the forms and the exclusively handcrafted production descending from a culture and a craftsmanship that historically belongs to the Made in Italy.

La proposta di Albedo inizia con una collezione di oggetti d'arredo molto diversi tra loro, pensati per la zona living della casa, dove forme, funzioni e finiture materiche dialogano bene assieme e permettono di arredare con una proposta eclettica di forte personalità; un arredo mai effimero o modaiolo, ma volutamente intriso di preziosismi costruttivi che si ispirano alla tradizione artigianale, duraturo nel tempo e contemporaneamente nomade; oggetti che rimangono e convivono con luoghi, culture e stili di vita sempre in evoluzione.

Ogni casa è l'espressione della personalità di chi la abita, esprime la sua storia, le memorie, le passioni, la cultura; in questo mondo Albedo entra con discrezione, con umiltà, con rispetto, ma con la forza di un design sicuro e non contaminato, giusto per non prevaricare gli stili esistenti, ma dialogando con loro ed aggiungendo valore in un insieme di intima personalità.

QUALITÀ

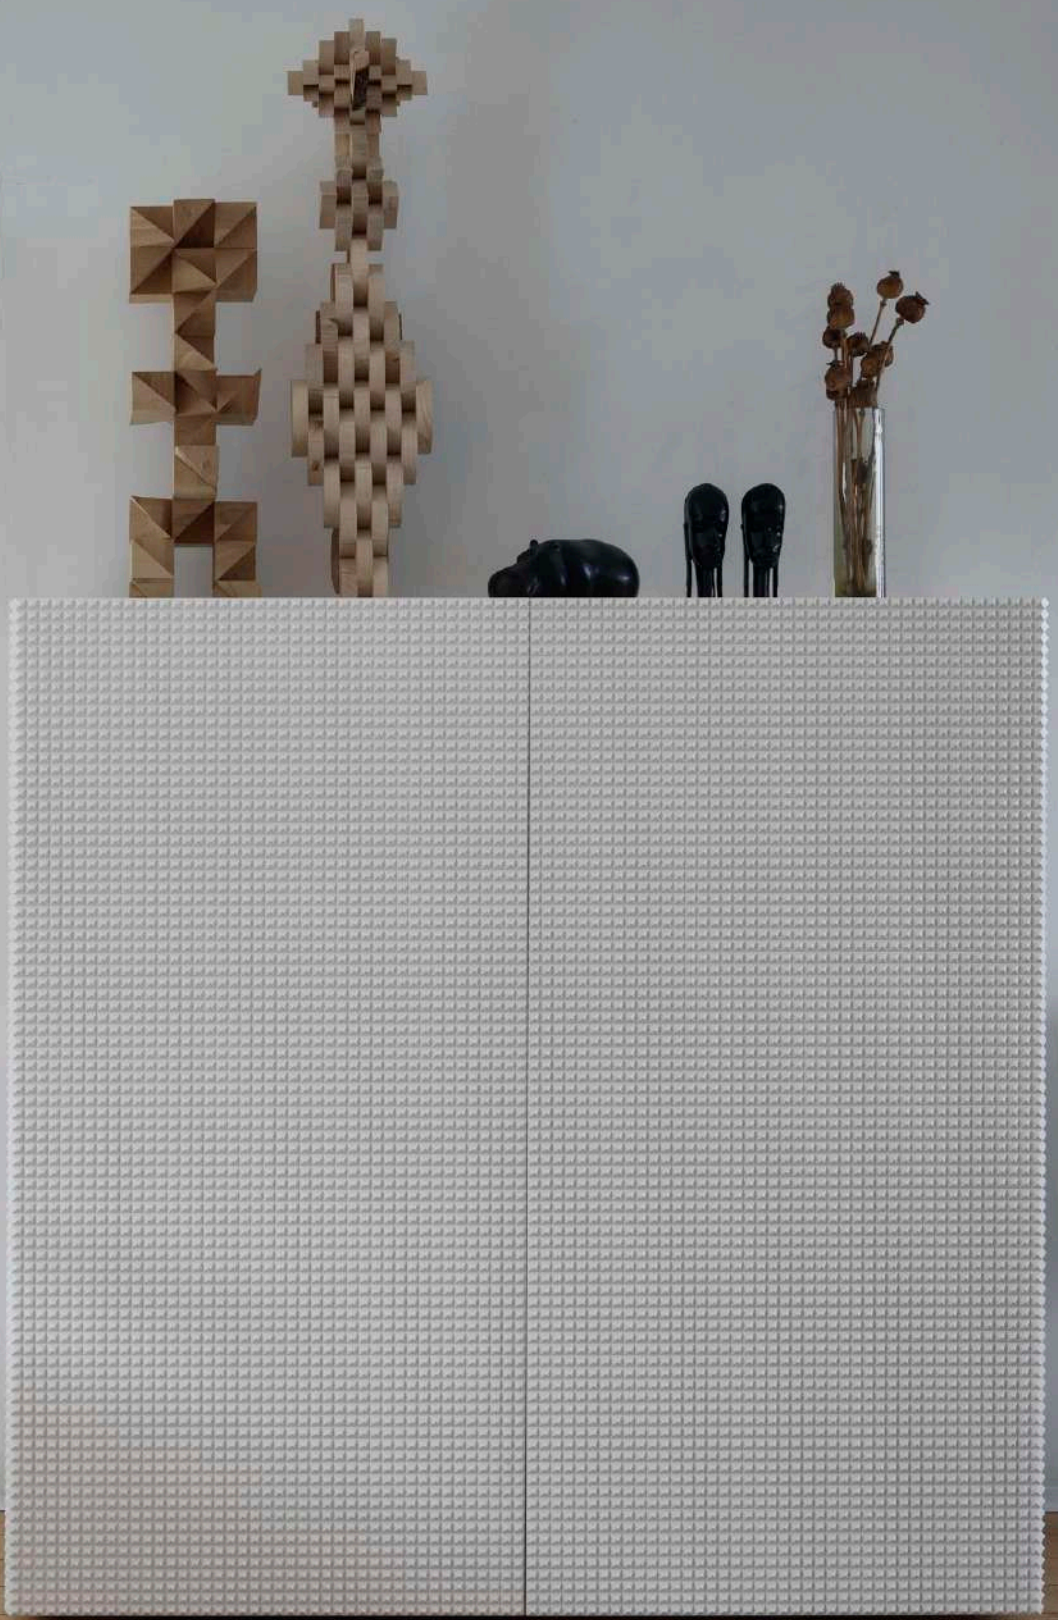

La qualità di Albedo è garantita dalla pregevole lavorazione artigianale dei materiali nobili impiegati; il legno, il metallo, la pelle, i tessuti, il vetro, selezionati e plasmati da maestri artigiani italiani con i quali collaboriamo per garantire alla nostra clientela la sicurezza della qualità e la flessibilità idonea a realizzare finiture personalizzate su richiesta dei clienti e degli interior designers.

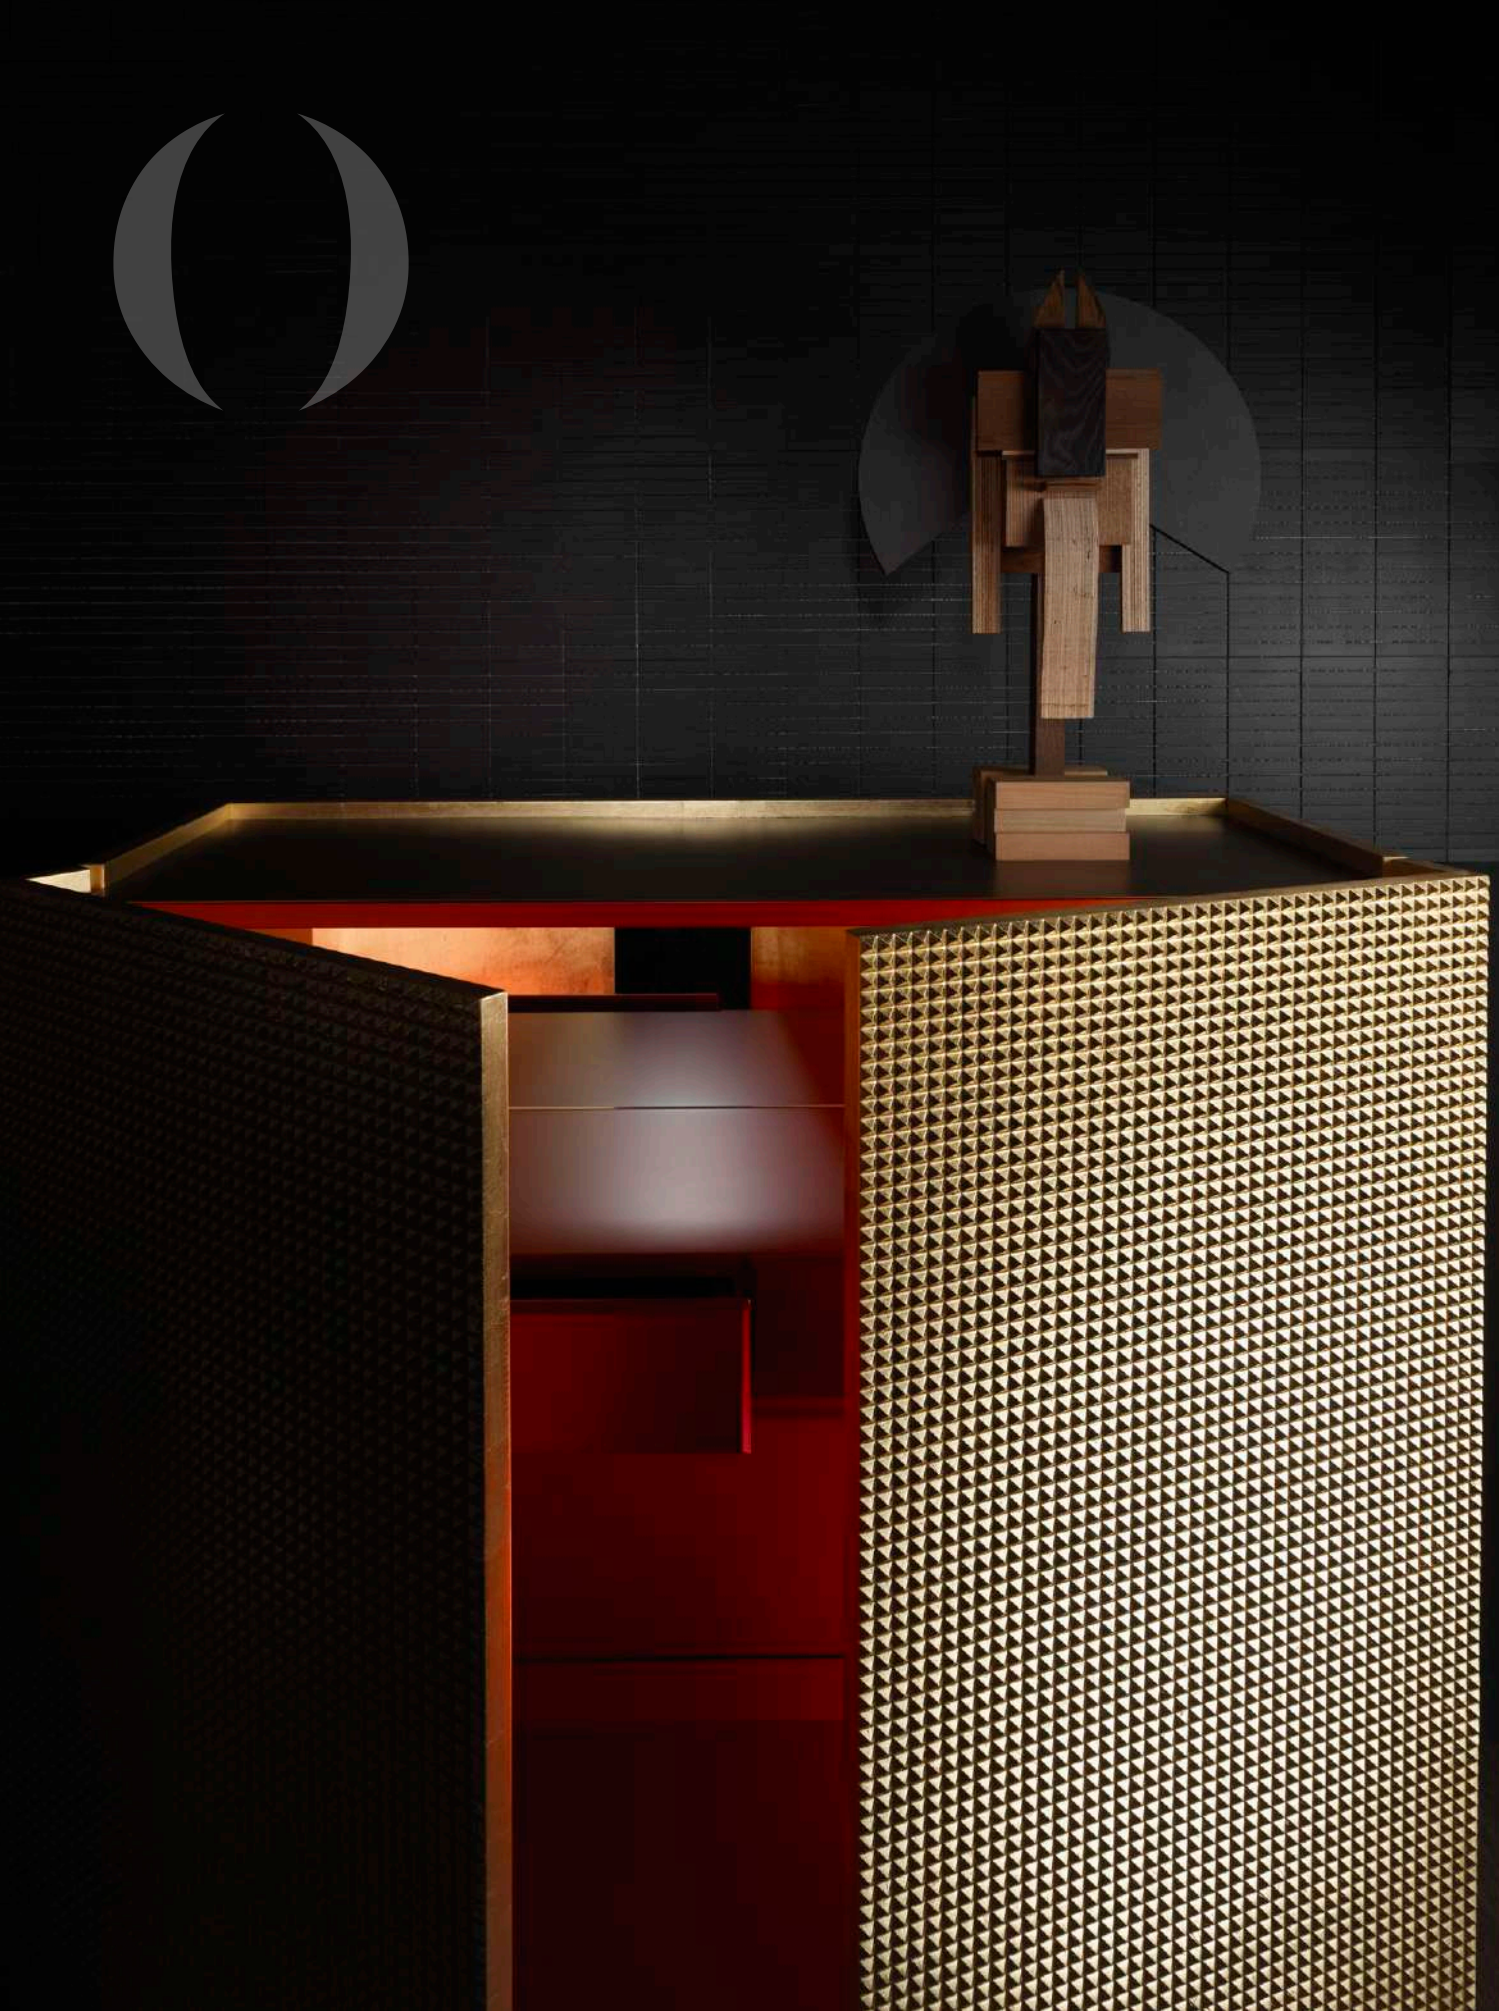

Albedo proposal begins with a collection of very different furniture pieces, designed for home living spaces, where forms, functions and textural finishes interact well together and allow to furnish with an eclectic style of strong personality, a never evanescent or fashionable furniture, but deliberately imbued with executive preciousity inspired by traditional craftsmanship, long lasting and simultaneously nomad; objects that remain and coexist with places, cultures and always evolving lifestyles.

Every home is an expression of its inhabitants personality, expresses its history, memories, passions, culture; Albedo enters in this world quietly, humbly, respectfully, but with the strength of a determined and not contaminated design, just not to override existing styles, but interacting with them and adding value in a set of intimate personality.

QUALITY

Albedo quality is guaranteed by the exquisite craftsmanship of precious materials used; wood, metal, leather, fabric, glass, selected and shaped by Italian craftsmen with whom we work to ensure our customers the assurance of Italian quality and the flexibility to create custom finishes on customers and interior designers request.
